PRIME has been established over the recent years as an important conference where PhD students and post-docs with less than one year post-PhD experience can present their research results and network with experts from industry, academia and research. PRIME2016 will feature conference program reflecting the wide spectrum of research topics in Microelectronics and Electronics, building bridges between various research fields. In addition to the technical sessions, opportunities for the conference attendees will be the keynote talks, workshops and social events. PRIME 2016 is seeking original papers in the areas given below.

### Areas of Interest

- Micro/Nanoelectronics
- Semiconductors
- Analog/Digital Signal Processing
- Computer Aided Design
- Analog/Digital/Mixed/RF IC Design
- Integrated Power ICs
- Sensors/Systems and MEMS
- RF, Microwave and mm-wave Circuits
- VLSI and SoC Applications
- Visual Signal Processing
- Energy Scavenging
- Technical Trends & Challenges
- Electronic Skin
- Flexible Electronics

### Important Dates

- Author Notification: 15th Apr 2016
- Camera Ready Paper Submission: 30th Apr 2016
- Early Registration Deadline: 30th Apr 2016

### venue

PRIME 2016 will be held at Instituto Superior Técnico Congress Center, University of Lisbon, Portugal.
